Participant(s): Mustafa Doruk Kalelioğlu (Principal Auditor - Group 22)

Summary: Regional Audit Review Meeting for ASOSAI Capacity Development Program on IT Audit held in Bangkok from 1 to 5 April 2019, and was hosted by the SAI of Thailand.

The meeting was attended by 25 auditors from 26 SAIs, 1 program manager, 5 resource persons and 2 LMS administrators.

The main subject of the meeting was discussing and presenting audit findings from IT audits conducted by respective member SAIs.

During the event, all SAI teams made presentations on their IT audit processes and audit reports.

On the other hand, selected SAI teams made presentations on data analytics, tools and techniques. Our SAI team's data analytics study also selected as a good example for discussion among participants.

The participants also shared their challenges and lessons learned while conducting IT audit and way forward.

Mentors from China and India shared their understanding of data analytics, techniques used while performing IT audits.

Finally, the certificates given to all the members of the SAI team who completed the program activities.
