**Summary:**

During the 5-day Seminar, the facilitators presented information on the ISSAI framework. Then, case studies were applied to the ISSAI framework with the active participation of all guests. In addition, participants presented their country papers on their experiences of the implementation of the ISSAIs in their respective institutions. Thus, participants had an opportunity to share their own experiences and knowledge along with the challenges they face with regard to the implementation of the ISSAIs.

Participants were given information on financial audit methodology of the ISSAI Level 4: Auditing Guidelines.
